Welcome

Thank **you** for taking out Halifax Home Emergency insurance with **us**.

Your policy schedule shows the address of the property that is covered and any special terms or conditions that may apply.

If there is anything **you** do not understand, **you** should call Halifax Home Emergency on **0345 641 9750** or write to **us** at 102 George Street, Croydon CR9 6HD.

About this policy

This policy is an emergency policy and not a buildings or contents policy. It should complement **your** home insurance, and provide benefits and services which are not normally available under that type of policy.

This policy does not cover normal day-to-day property maintenance such as attention to items which tend to gradually wear over a period of time, or need periodic attention, for example the de-scaling of central heating pipes or replacement of taps and cistern washers.

We aim to provide rapid, expert help if **you** suffer an emergency arising from an incident covered under this policy. **We** will arrange for one of **our** list of approved contractors to attend and take actions to stabilise the situation and resolve the **emergency**.

Definition of words

When the following words and phrases appear in the policy or policy schedule, they have the meanings given below. These words are highlighted by the use of bold print.

Beyond economic repair

The point at which **our tradesperson** considers the repair costs (taking into account the parts and labour required) to be more than the value of the boiler. The value is based on its date of manufacture, type and make and whether or not replacement parts are still available.

Emergency/emergencies

A sudden and unforeseen domestic situation which, if not dealt with quickly, will:

- make **your home** unsafe or insecure
- damage, or cause further damage to **your home** or its contents
- result in **your home** losing its main source of heating, lighting or water.

Home

The private property that **you** or **your** family own and live in, the address of which is shown as the insured property on **your** policy schedule. Please note there is no cover for garages or out buildings which cannot be accessed by an internal door from the main property.

Insurer

AWP P&C SA.

Multi-occupancy property

A building, part of which is **your home**, where there is shared responsibility for all or part of the amenities and structure, for example a maisonette, apartment or flat.

Period of cover

Cover begins from the cover start date shown on **your** policy schedule and continues for 12 months as long as **your** premium has been paid. Cover will finish immediately on the end date as shown on **your** policy schedule or immediately if the policy is cancelled by **you** or **us**.

Primary heating system

The main heating system in **your home**, including a domestic boiler (a boiler that produces a power output of up to 150,000 British Thermal Units/44 kilowatts). This includes both the central heating and/or hot water systems and extends to:

- the programmer;
- the central heating pump;
- thermostats (but not smart/internet connected thermostats); and
- radiators.

Please note that **we** do not cover any form of solar heating or non-domestic central heating boilers and associated systems.

Your central heating boiler should be properly installed and repaired, in accordance with the manufacturer's recommendations and serviced and maintained at least every 24 months.

Written confirmation of **your** last boiler service may be required in the event of a claim.

Your

Belonging to the policyholder.

General conditions

We will act in good faith in all **our** dealings with **you**.

1

We will only pay the benefits under this policy if **you** contact **us** first within 48 hours of discovering the **emergency**.

2

We will make reasonable attempts to find a suitable **tradesperson**, as long as the service is not affected by:

- poor weather conditions;
- industrial disputes (official or not);
- failure of the public transport system (including the road network); and
- other circumstances that prevent access to **your home** or otherwise make it impractical to offer the service.

3

If **you** need more than the cover provided by Halifax Home Emergency, **we** will still offer **you** help up to the policy limits, but **you** will have to pay the extra costs direct to the **tradesperson** when they provide the service.

4

You will be responsible for the **tradesperson's** call-out charges if:

- having asked for help, **you** are not at **home** when the **tradesperson** arrives;
- the only reason the **primary heating system** was not working, was because **you** did not light it, turn it on or failed to adjust the time or temperature controls.

5

We shall be entitled to:

- refuse to help if **your home** or services have not been maintained in a safe or serviceable condition;
- decide on the most appropriate way of providing help, although **we** will take into account **your** wishes whenever possible; or
- settle **our** part of the claim if **you** have any other insurance covering the same loss or damage.

6

We will arrange to supply and fit replacement parts when they are needed and if they are covered under the policy. If **you** ask that better parts are fitted, **you** will have to pay the extra cost. **We** are not responsible for any inconvenience, loss or damage caused by delay in the manufacturers, or their suppliers or agents, supplying spare parts.

7

We may cancel the policy by giving **you** 30 days' notice to **your** last known address if:

- **you** tell **us** something that is not true, which influences **our** decision as to whether cover can be offered or not;
- if **you**, or anyone acting for **you**, make a claim under this policy knowing it to

be dishonest, intentionally exaggerated or fraudulent in any way, or if **you** give a false declaration or deliberate mis-statement when applying for this insurance or supporting **your** claim;

- **you** use or threaten violence or aggressive behaviour (including the use of foul or abusive language) towards **our** staff, **tradespersons** or their property; or
- **you** fail to keep **your** premium payments up to date.

Any return of premium will depend on how long the policy has been in force and whether **you** have made any claims. **Your** refund will be worked out from the date the cancellation notice period ends.

Note: Please remember this is not a maintenance contract. **We** have the right to cancel the insurance if the service is being abused, for example if **you** make frequent claims to clear a drain which has been blocked because of **your** improper use.
