## AER

AER means Annual Equivalent Rate. This illustrates what the interest rate would be if interest was paid and compounded each year and allows you to easily compare different offers.

## Gross rate

Gross rate means we will not deduct tax automatically from the interest we pay on money in your account. It's your responsibility to pay any tax you may owe to HM Revenue & Customs (HMRC).

## Tax Free

Tax free is the contractual rate of interest payable where interest is exempt from income tax. Tax treatment depends on individual circumstances and may change in the future.
